

Leaders in Small Project Construction Management

Together as the Butz Family of Companies, Alvin H. Butz, Inc., Shoemaker Construction Co. and Alexander Building Construction Co. provide comprehensive and exceptional construction management, design/build and general contracting services to owners seeking cost-effective solutions for small projects throughout Central and Eastern Pennsylvania, New Jersey and Northern Delaware.

Annually, 50% of our construction volume is generated by small projects. With more than two centuries of combined business operations, Alexander, Butz and Shoemaker offer a unique level of experience and a legacy of quality and commitment. Together, we provide the synergy of three teams with local market experience, sharing strong values and one common goal... *your complete satisfaction.*

“Butz’s LEED Accredited Professionals brought the skills we needed as a small project owner to achieve our goal of a LEED Platinum certified building. Their commitment to sustainability and knowledge of green building issues furthered our other goal of promoting the green movement in the Berks County community.”

**York Hospital
Vascular Suite, OR #19 and
Continuing Nursery Renovation**

York, PA
Alexander Building Construction Co.

“Working around and above hospital operations, maintaining ICRA provisions and controlling pedestrian and construction worker access through the work zones were critical aspects on these projects. Alexander performed these aspects exceptionally well. They understood how to manage these interior renovations projects.”

Raymond Rosen, FACHE
Vice President O Operations
York Hospital/WellSpan Health

**University of Pennsylvania
Cyclotron Laboratory Expansion**

Philadelphia, PA
Shoemaker Construction Co.

“There are no do-overs when you’re pouring six-foot-thick concrete walls. A host of utilities penetrating the cyclotron vault had to be installed correctly the first time. Shoemaker’s thoroughness and proactive approach ensured success. This was a great project and I look forward to working with Shoemaker again.”

Raytheon IIS Interior Renovation

Reading, PA
Alexander Building Construction Co.

“Raytheon IIS had never completed a LEED certified project before the conversion of our former machine shop into office space, but when Alexander made us aware of the benefits of this approach and how it aligned with our corporate mission, it became obvious it was the right thing to do. Through effective leadership and management, Alexander’s staff helped us complete the business’s first LEED Gold project, ahead of schedule and under budget.”

Peeps Store Fit-out

Bethlehem, PA
Alvin H. Butz, Inc.

“We appreciate that your team was able to deliver the project on schedule and within budget. Our challenge was to have the store opening with the Sands Mall Grand Opening in early February, which only gave us four weeks from the time we received the drawings until early January. The close relationship and communication between Butz and your subcontractors was vital.”
